

Kiosk'ice™

KIOSK'ICE: YOUR TURNKEY ICE VENDING BUSINESS

Instant Fresh Profitable

Capture Untapped Revenue in High-Traffic Locations

Imagine a fully automated, 24/7 ice vending business operating at key locations:

Marinas, RV Parks & Bait / Tackle Stores

Gas Stations & Grocery Stores

Home Improvement & Hardware Stores

Kiosk'ice is a purpose-built asset designed to turn foot traffic into a consistent, low-maintenance recurring revenue stream.

A Fully Autonomous 24/7 Ice Vending Solution

The Kiosk'ice US1030 Elite Model is an automated, connected kiosk engineered for performance, reliability, and operational autonomy. It provides fresh, filtered ice on-demand, directly to the consumer.

Core Attributes

-  **24/7 Availability:** Uninterrupted service, 365 days annually.
-  **Compact Footprint:** Requires only (approx. 16 sq ft) of floor space.
-  **Fully Connected:** Remote monitoring and management via 4G/5G, Wi-Fi, or Ethernet.
-  **Designed for the US Market:** Simplified user interface and robust engineering for continuous annual operation.

Designed & Engineered for Unrivaled Durability

Every Kiosk'ice unit is engineered and manufactured to the highest ISO-9001 quality and standards, ensuring long-term value and operational resilience.

Lifetime Frame Warranty

A testament to our commitment to structural integrity. 5 Year All Other Components.

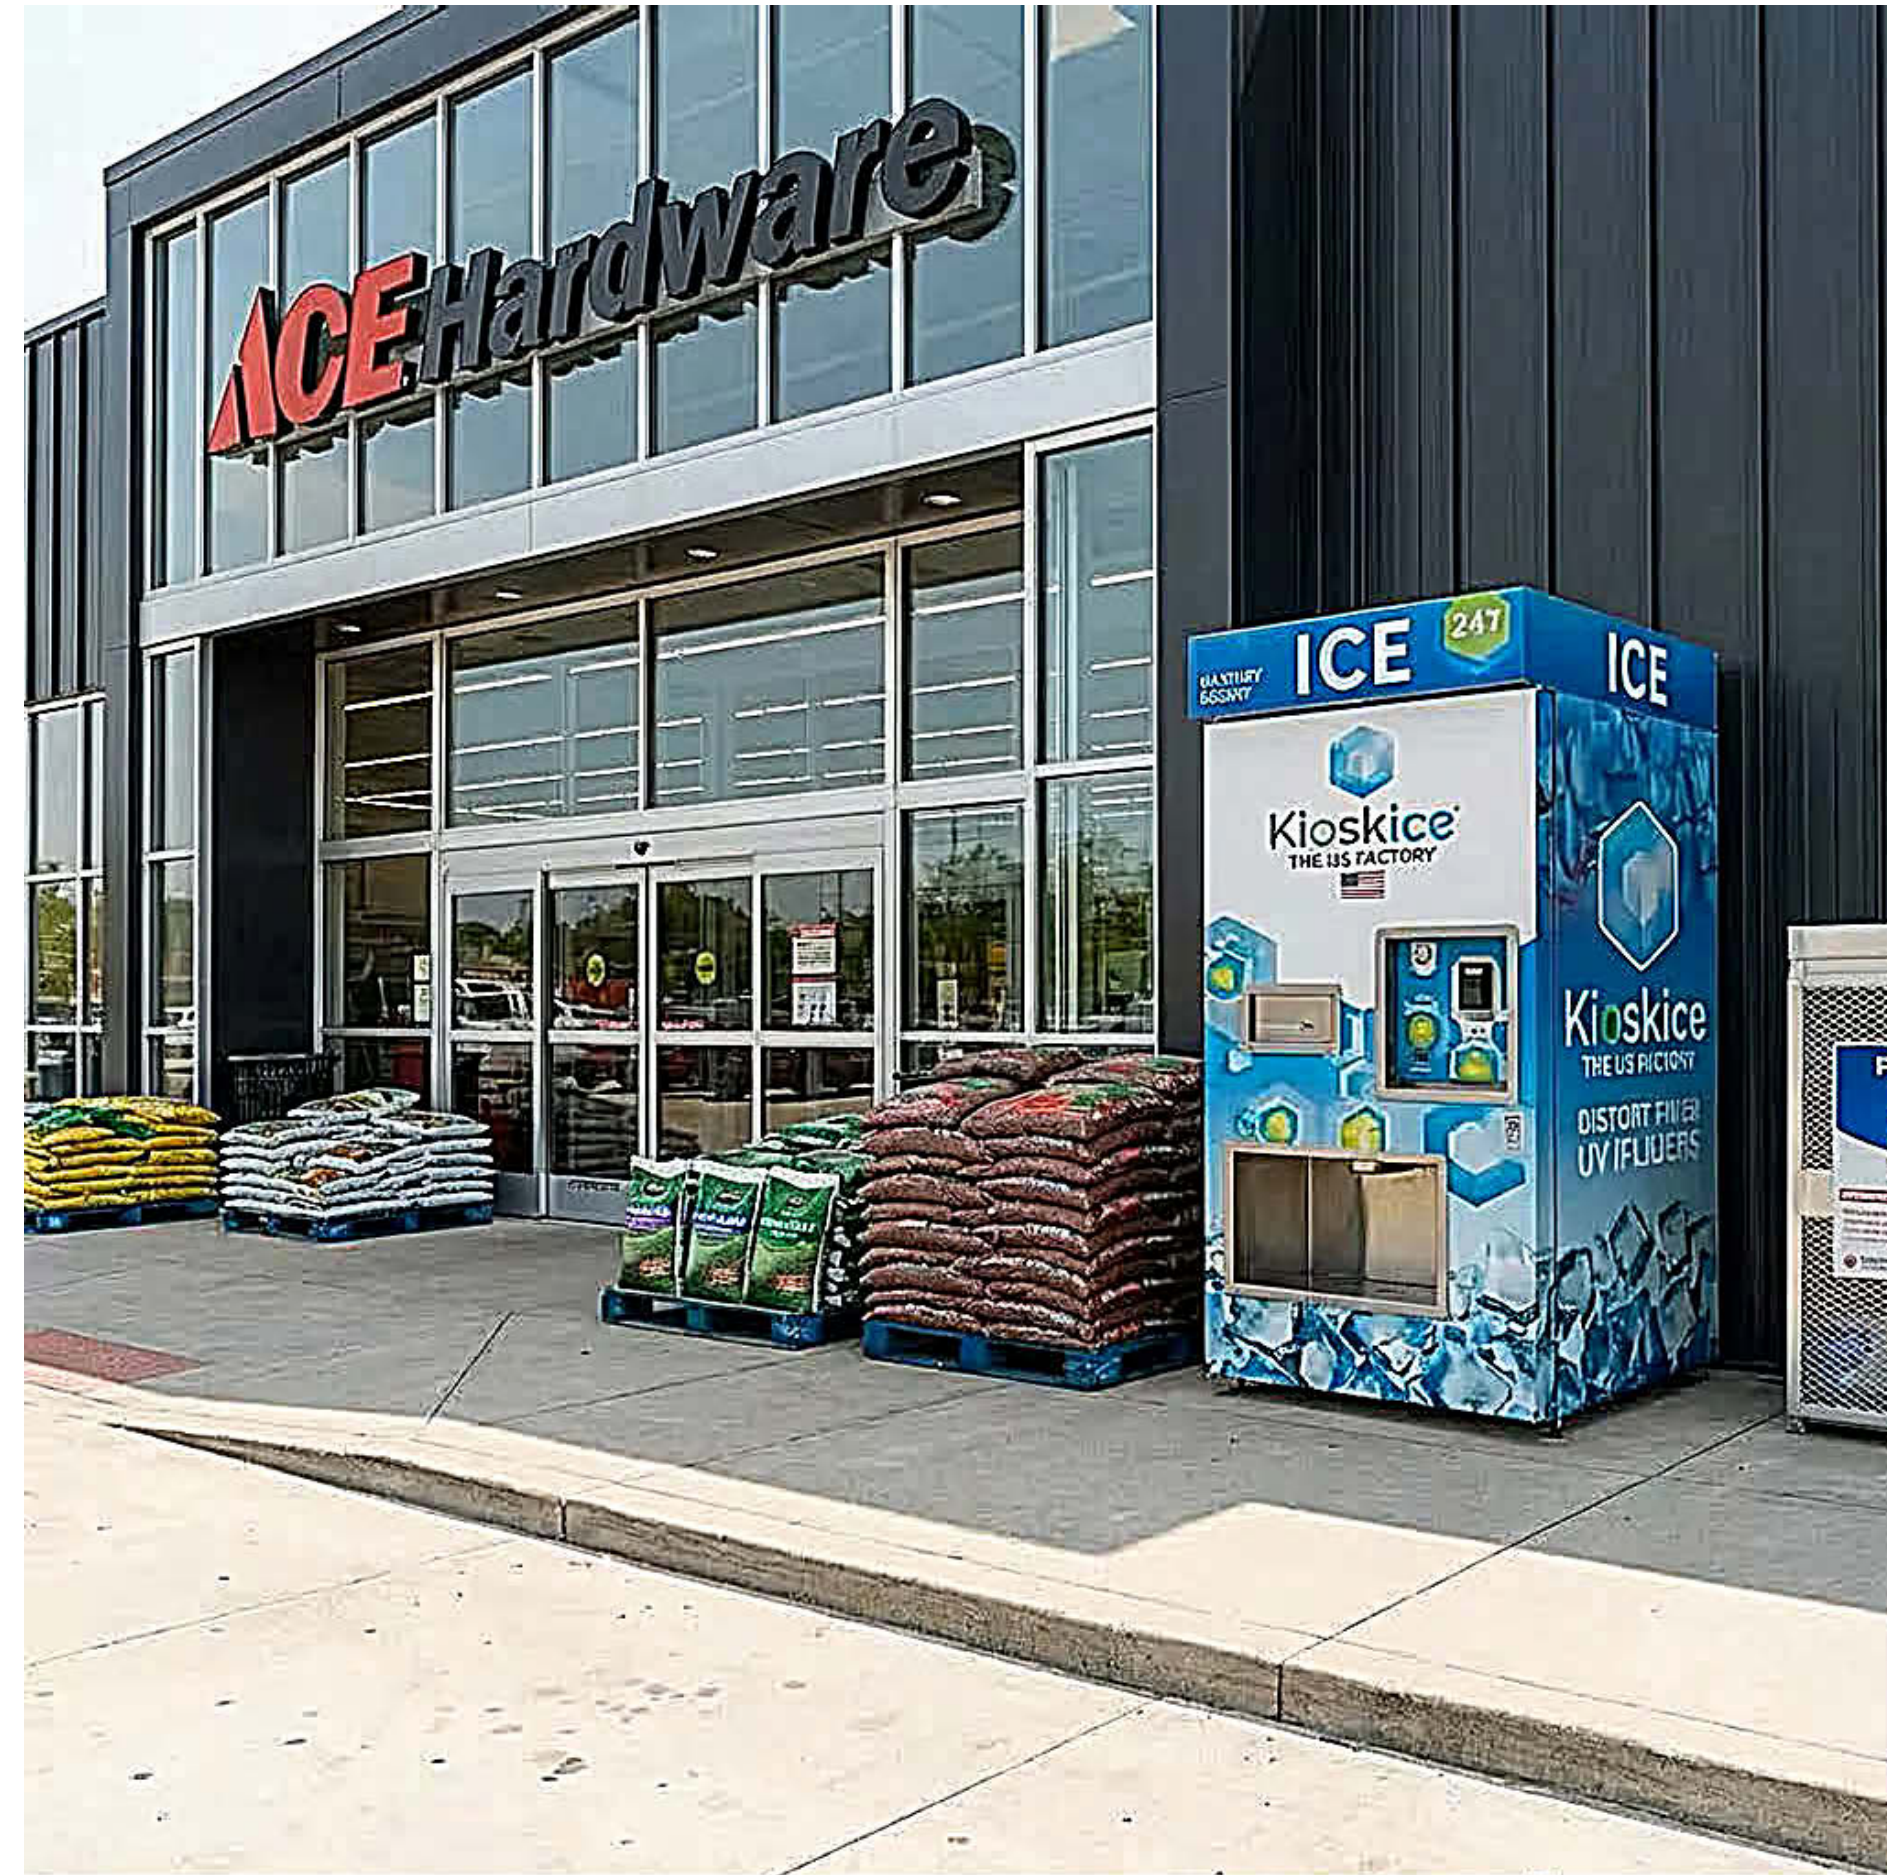

AAA+ Repairability Index

Designed for straightforward serviceability, guaranteeing a long and profitable service life.

Reinforced Storage Bin Insulation

Maintains ice quality, minimizes melting, and ensures peak efficiency even in demanding outdoor conditions.

A High Capacity Production PowerHouse

Every Kiosk'ice unit is engineered and manufactured to the highest ISO-9001 quality and standards, ensuring long-term value and operational resilience.

1040 lb

Of Ice Per Day

**Massive

Peak Performance System

A dedicated over ventilation system for the production unit ensures optimal performance, even in demanding environmental conditions like a hot summer.

Integrated with the world-class
Scotsman 1030Max-32 Prodigy Elite
ice-making machine for unmatched
reliability & performance.

The Perfect American Ice Cube, Guaranteed

Market-Specific Format

Produces the classic 10g full dice cube (7/8" x 7/8" x 7/8"), the preferred format for coolers & beverages. The ice is fresh, individual, separate, & transparent.

Certified Hygiene & Purity

XSafe Technology:

A fully automated, 24/7 natural sanitation system keeps the machine clean & the ice safe without manual intervention. All direct from the source.

"UV-Filtered" Process:

Clearly advertised on the machine, this guarantees customer receive pure, high quality ice with every purchase, building consumer trust and re-visits.

An Intuitive 5-Step Transaction For Customers

A streamlined process designed for speed & convenience, with features tailored for the ALL users

1) Select & Pay

Simple, secure payment interface via PAX latest IM30 terminal.

2) Take Bag

Dispenses an optional bag.

3) Insert Bag / Cooler

Large, accessible area designed to accommodate personal coolers.

4) Dispense

A dedicated, physical “Press To Dispense” ice button provides clear, simple & ease of use.

5) Collect

An enlarged collection chute ensures easy, spill free retrieval either into the Kiosk'ice bag, cooler, water cooler or 5 gallon bucket.

Centralized Management With Our Smart'ice Dashboard

A single, unified web dashboard provides a complete overview of machine status & sales performance across your entire fleet

Real-Time Monitoring:

Track Key performance indicators from any browser revenue, total ice volume distributed daily, weekly, monthly, annually and live inventory ice bin levels.

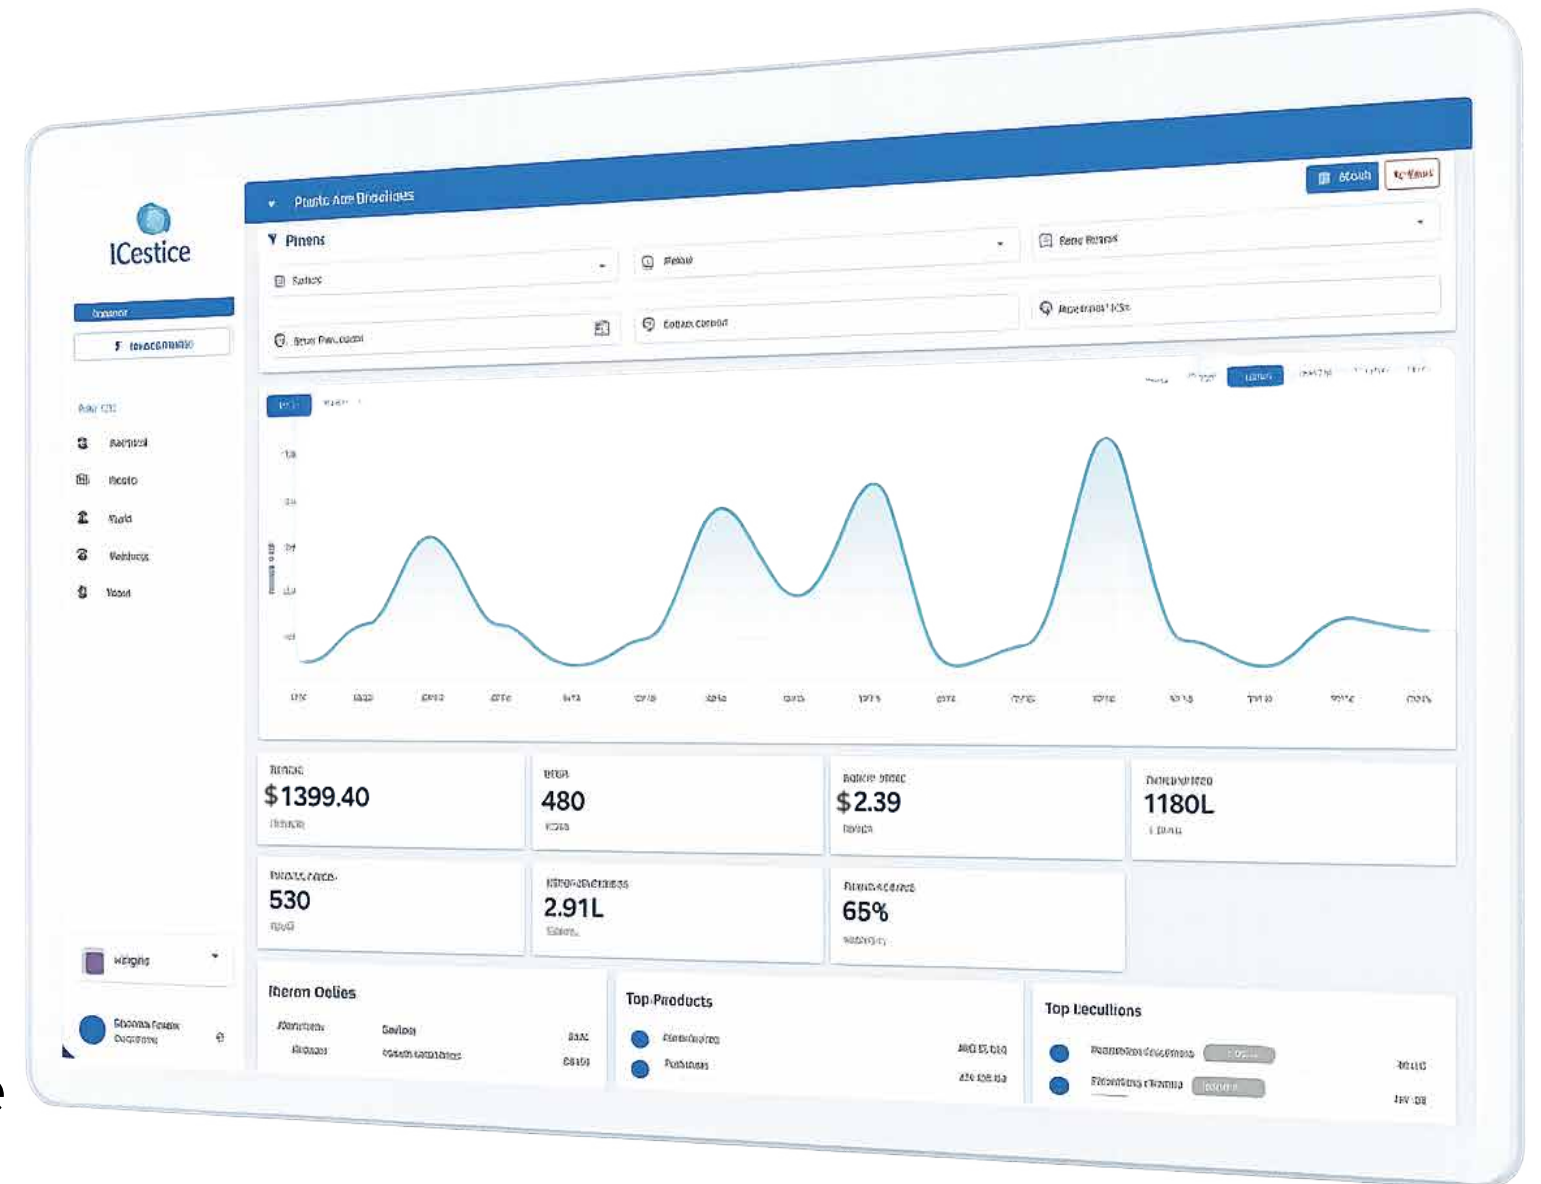

Comprehensive Reporting:

Access a complete history of sales and filter data to generate actionable on demand business insights.

Connected Maintenance:

Drastically reduce on-site visits with powerful remote capabilities. Run diagnostics on components and manage software updates from anywhere.

From Delivery To Dispensing In Under Two Hours

All You Need: 4 Simple Connections

	Electricity	230V AC / 60HZ / 1 Phase
	Water Inlet	Standard 1/2 male fitting
	Drainage	PVC 1.5
	Internet	WiFi or cellular (4G / 5G)

Core Attributes

Plug & Play Design:

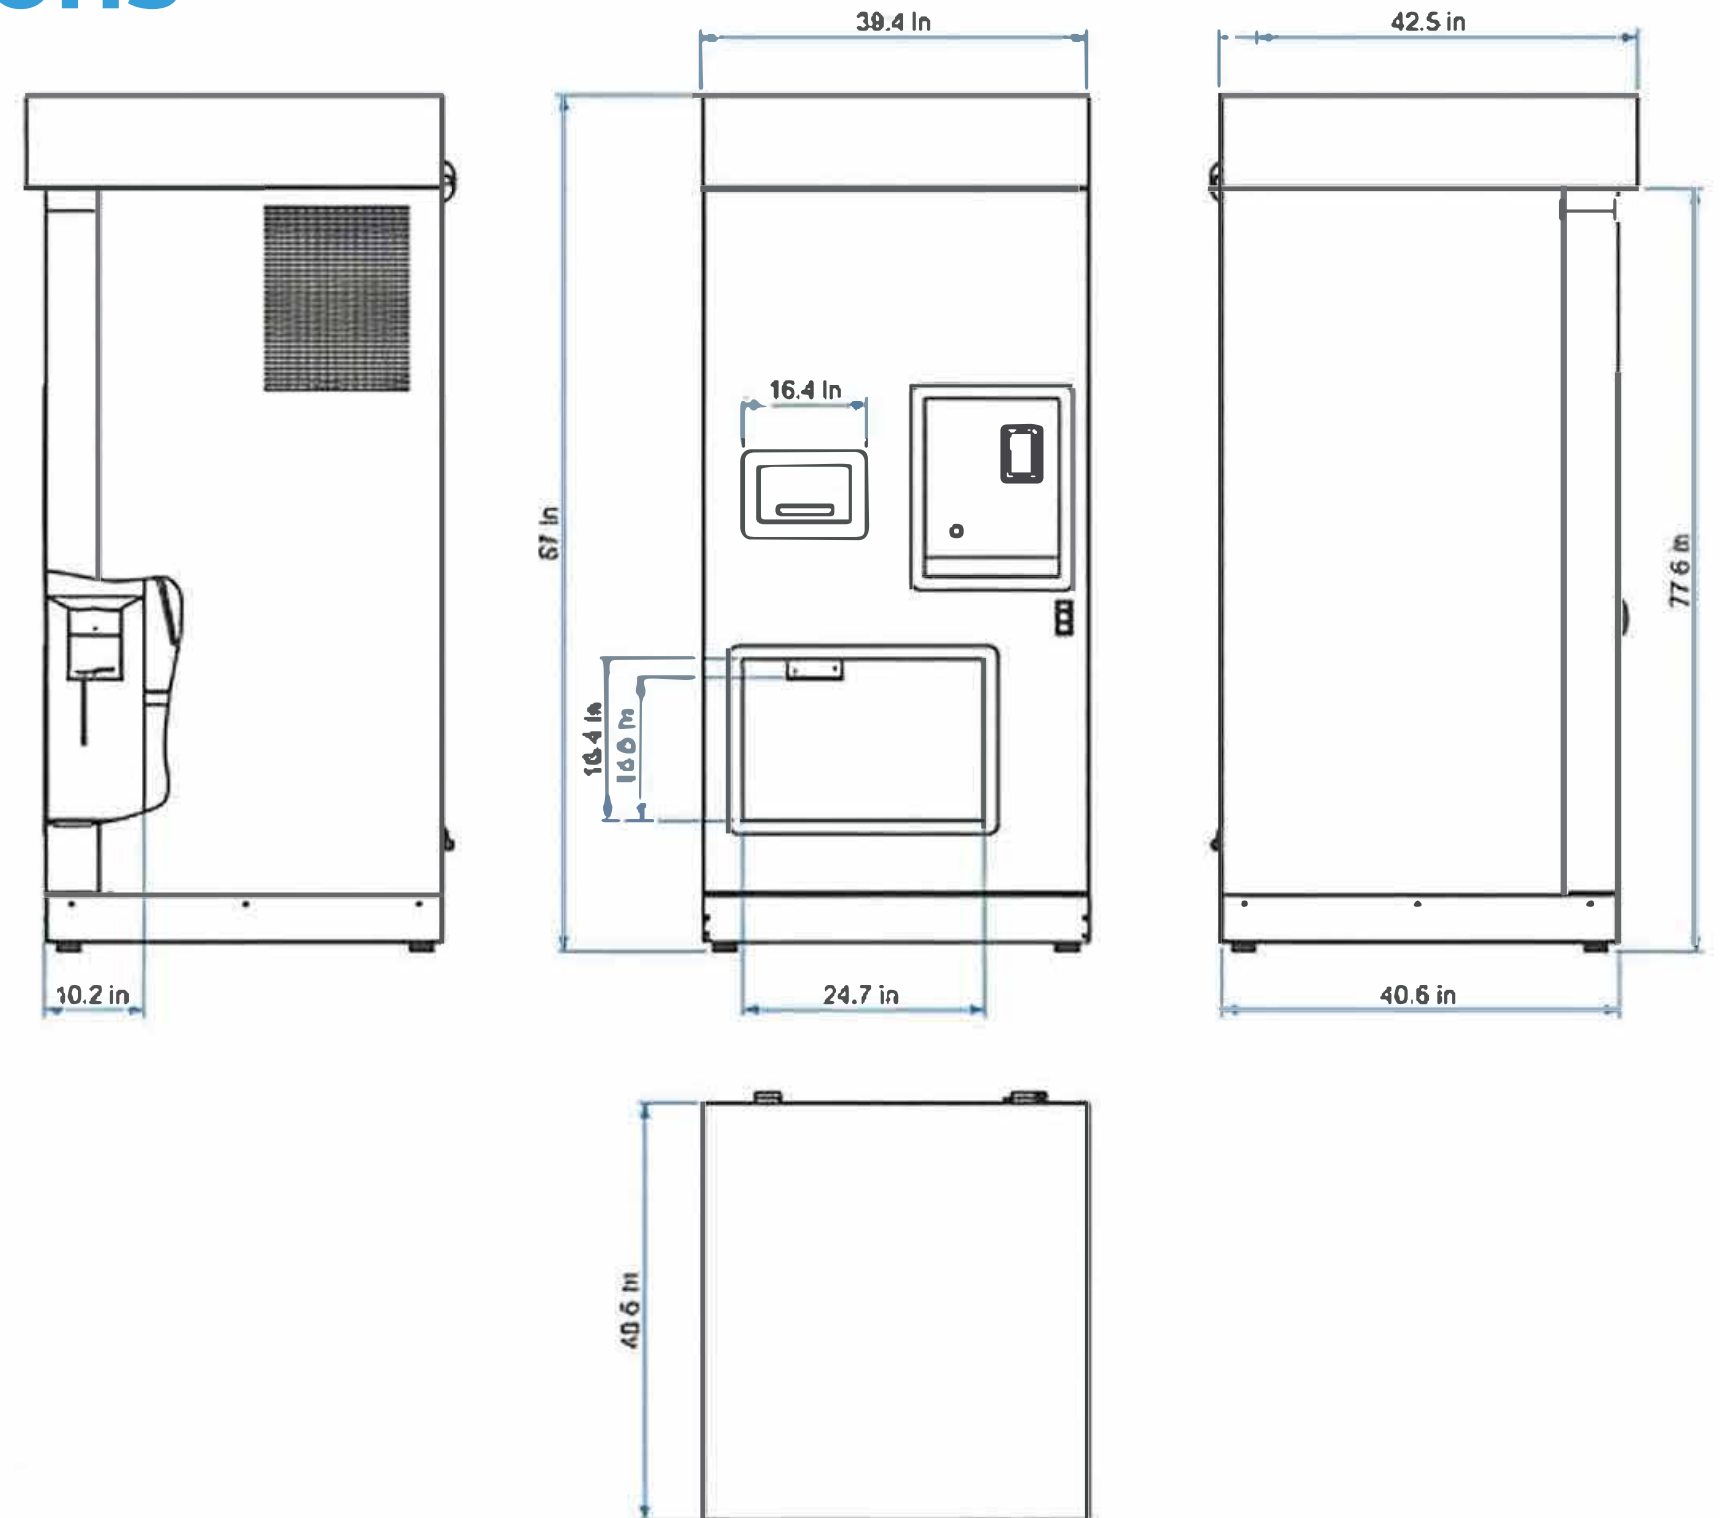

All connection points are located within a 5-foot radius and all quick connect or plug & play design.

Rapid Installation:

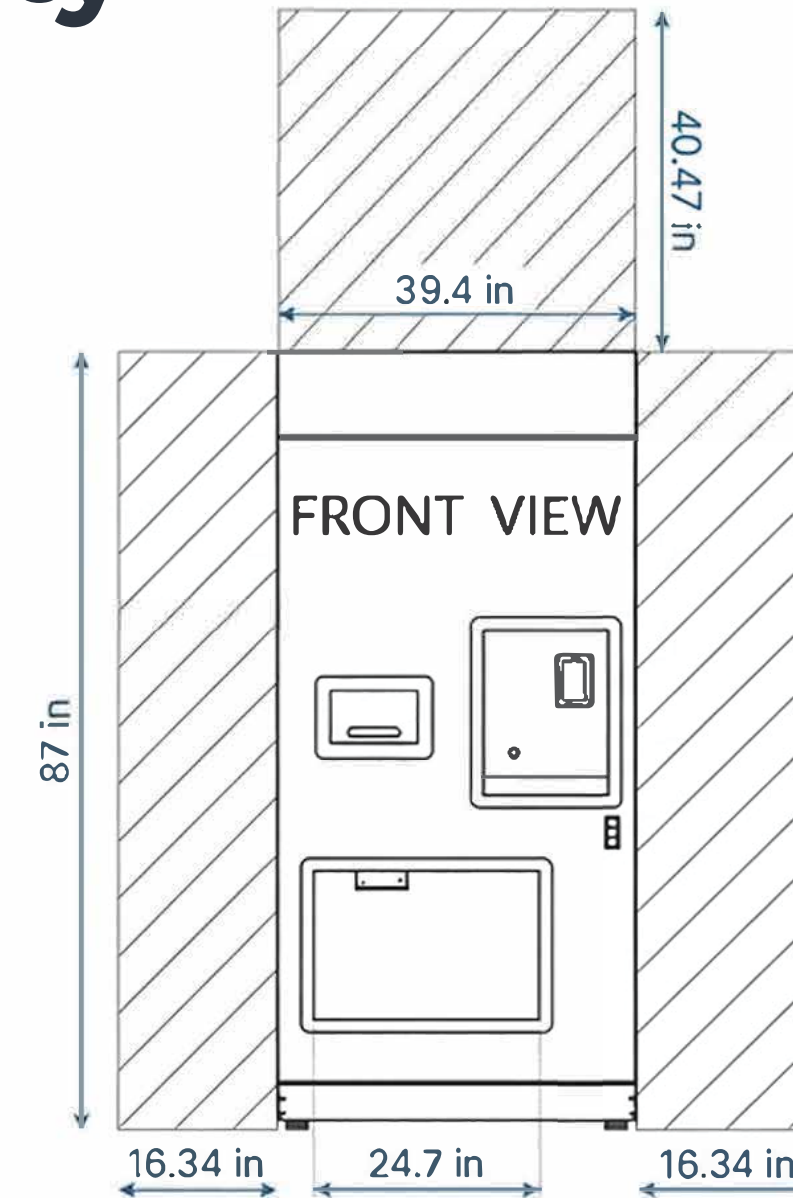

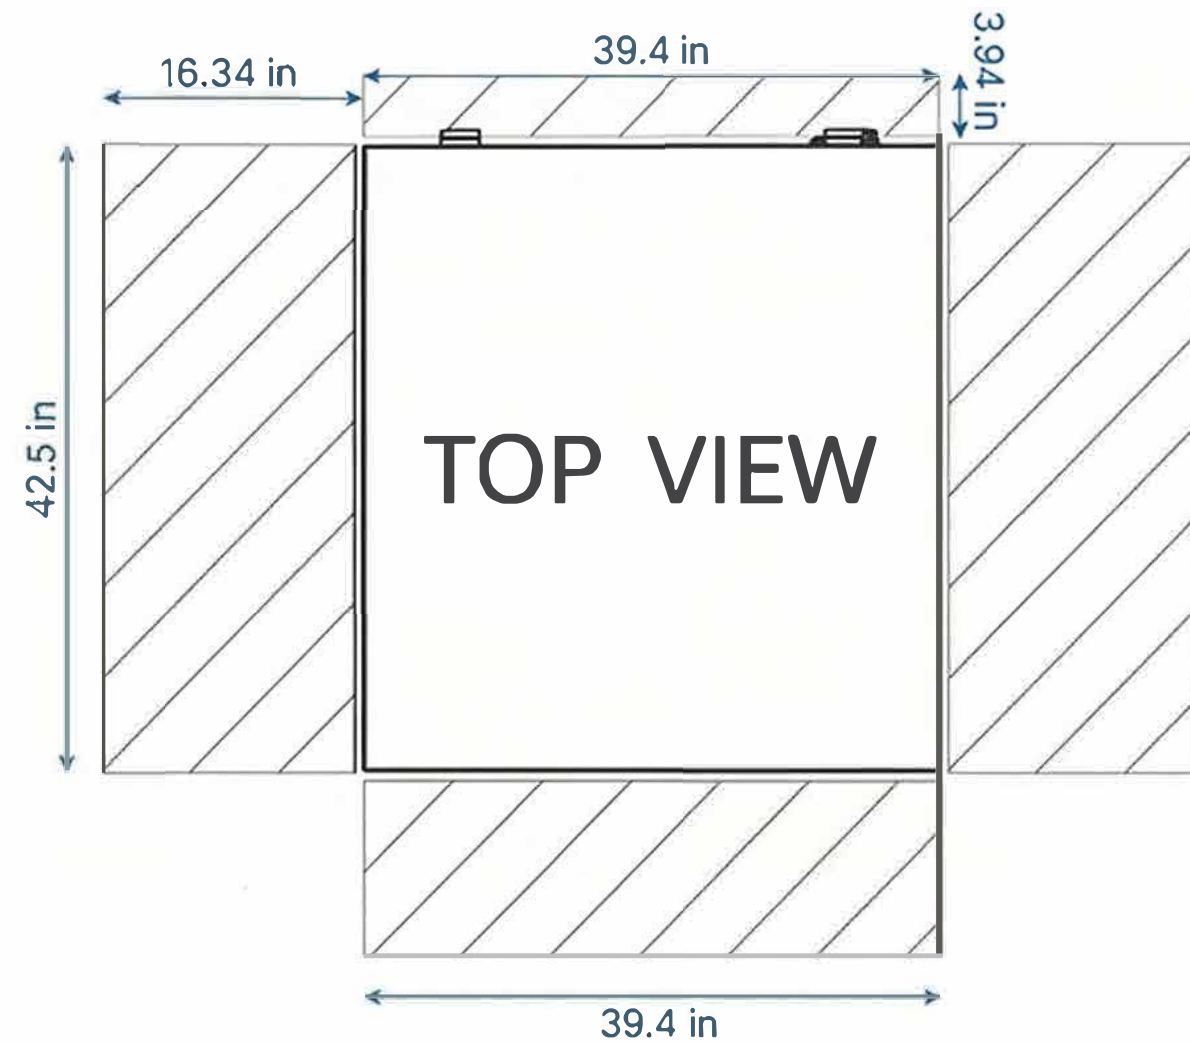

Standard setup time is less than two hours.

No Special Foundation:

Can be placed on any stable, level surface.

Compact Power, Full Serviceability

Machine Dimensions

39.4" Width" x 42.5" Depth

Required Maintenance Clearance

Sides: 16.34" on left & right

Front: 40.47" for user & service access

Total Operational Footprint

72 x 87 (6 ft x 7ft)

This compact total area allows for placement in a wide variety of high value locations.

Technical Specifications

Structure & Design

Specification	Value
Dimensions (W x H x D)	39.4" x 87" x 42.5" (1000 x 2210 x 1080 mm)
Chassis Durability	Lifetime Warranty
Thermal Insulation	Reinforced Storage Bin
Repairability Index	AAA+
Ice Chute Insert Area	Enlarged for Bags & Coolers

The Ice Cube

Specification	Value
Type	Full Dice Cube (US Standard)
Unit Weight	10g
Dimensions	7/8" x 7/8" x 7/8"
Quality	UV-Filtered / XSafe Technology

Production

Specification	Value
Production Module	Scotsman 1030 Prodigy Elite
Max Capacity (24h)	1040 lb / 472 kg
Storage Capacity	500 lb / 227 kg
